Revision of the rules

1 November
2025

future of this meeting

→ How the meeting began.

→ This meeting is a family meeting,
not a weekend school, nor Islamic (full time) school.

① → Goals of the meeting:-

1 Practising Islam with Quid

2 wearing Hijab

3 Not to feel that we are alone - not isolated -
no relatives, lonely

4 daughters are not talking very much in depth
with you, because they are very
lonely.

We can not fool ourselves - (6 or 7 she will
start to clarify her feelings freely, then you
will be shocked -

⑤ to give them the freedom w/in the limitation
of Islam, but I want to draw the limitation

⑥ ~~to~~ they have a god, to fear Allah, not the parent.

not our parents.

social habits, we have to have rules and help them.

"This concept is My duty"

this is the core -

(2)

I need you to always (daily) check your daughter.

What you like?

What you don't like?

Give your daughter the room of freedom, because you keep on saying No No then she'll go to her room, ^{or} pick up the cell phone and calls her American friends, and she tells her ~~the~~ to not to listen to your Mom, we'll do what we want in school.

The Liberal environment we live in -
(not are we living alone in our homes)

If we follow Dr. Mona's plan / Goal
she is responsible.

If we disagree with her plan then she
will follow our plan - but Not Responsible.

(3)

Let's us all agree for the
same plan so that we can come
to great efforts for the following:

(1) (a) Islamic knowledge:- (Dr. Mona's responsibility)

(b) Remind your daughter every ~~thurs~~ thursday
and ask her, let her feel that your
ideology is the same as her responsibility

(2) Food:- this is a family - we will share and
get closer to feel the depth of the
meeting.

(3) No \$10 -
will play outside - if it is cold we will play
inside with games (from our homes) to bring.
And Insha Allah, we will follow the same
plan
